President's Report:

Ken has not been able to get the architect, Tom Ritzenthaler, but he is too busy. The president of the board of the Plattekill Library told Ken of another person, Gilles Malkine, who is an Architectural Barrier Consultant for making buildings accessible. He has called and hopes to hear from him soon.

Director's Report (see separate report):

New programming for seniors next door (used a grant).

Math night with the elementary school that was lots of fun.

Princess Tea Party coming in March.

Summer Reading Program theme: Build a Better World. Opening night June 28 to closing on August 9. Board members should try to be at the opening and closing with name tags.

The library won a grant to work with a NOAA scientist to present special programming to the community, a "book club meets science café" type of program.

Official amendment has been made to our charter, which has changed to specify the number of trustees required to serve on the board (not less than seven or more than 11); and to state that trustee candidates must reside in the library district; and to list the library's street address rather than our post office box.
